Woman, Eternal Preacher
Death Does Not Matter
Oasis? No, Just Mirage
Dry, But No Angel
By Arthur Brisbane

The Presbyterian church almost decided to let woman preach. But women have always preached, and for the human race. Every child, including the founder of Christianity, bears the first sermon from a mother.

Had it not been for these sermons, heard by children in their mother's laps, this world would still be a race of cannibals.

Franklin K. Lane died courageously as men should. His body is reduced to ashes and they will be scattered from El Capitan peak in the Yosemite.

As he lay waiting for the dangerous surgical operation that ended in death, Mr. Lane philosophized on the end that puzzles an unthinking human with its religious words. "No evil can befall a good man whether he be alive or dead."

How rarely men seem to realize that the end of one little life is the beginning of another. If you saw an ant, one of fifteen hundred millions, dying very suddenly, you would say: "Little ant, your death is a very great thing. Don't take it so seriously."

There are many ant-like souls in this world. Men are always saying the leaves falling from the trees in Autumn. Whatever happens is sure to be all right, and, anyhow, it does not matter.

Barney will continue and receive a bill to prevent a per cent. and 14 percent. who believe in the extreme support. It is probable that a majority of the voters will support the bill.

It is certain that there has been some very drink problem since men have drunk only beer and light wine. But the experiment with prohibition has been and will continue for some time.

Meanwhile the nation may be a leading prohibitionist and not a prohibitionist. The Reverend A. J. Little, elected Governor of Florida, is a prohibitionist. He is a prohibitionist. He is a prohibitionist.

same way, eliminating all charge ac-
counts and other unnecessary expenses,
and giving you the benefit of every price
and quality advantage granted us by the
makers.

We rank high as clothing distrib-

but first of all, and most important of all, we are here to serve
the public. That's why we make such a strong feature of

A New Record in The Hat Business

Words and Music by Truly Warner

To the tune of

The Hit of the Straw Hat Season \$2.85

THE Straw Hat Season for 1921 started in Philadelphia Saturday, May 7th, and we more than doubled the business of the previous year, and made a new World Record—selling more hats than were ever sold before by anyone in any one hat store on any one day.

Last Saturday, May 14th, was the Opening Day in New York, and all my stores in the New York District made more than 100% increase and broke all records for any Chain of Hat Stores in any one city in U. S. A.

My twelve stores in the New York District averaged more than 2000 sales per hour, for twelve hours. We sold more than 25,000 Straw Hats last Saturday in New York City, and TOMORROW WE WILL MAKE A NEW RECORD FOR BOSTON.

I'm not making these statements in any boastful mood, but simply in a spirit of optimism to dispel some of the gloom pervading the Business World. I just wanted to quote a few figures and facts to prove that the Public will buy, if you give them the right merchandise at the right price.

All Straws One Price \$2.85

You Can't Buy Better-Looking Straws Anywhere—At Any Price

You can buy straws at the Kaufman price of \$2.85 elsewhere, but you will not get the same quality. Kaufman straws are not in the class of other hats selling at \$2.85; they are in the class of hats marked elsewhere at \$4, \$5, and up.

We emphasize that our straws are the identical brands and styles that the high priced hatters show at very much higher prices. We don't ask you to take this for granted. Do yourself the good turn of proving this fact by comparison.

Come around to see. You will be proud to wear a straw as like to pay.
